### Education

#### **Masters**, *naxcivan state university*

2021 – 2023

restoration and reconstruction of architectural monument

naxcivan, azerbaijan

Master's degree in the restoration and reconstruction of architectural monuments.

My expertise lies in preserving, conserving, and restoring historical buildings using techniques that honor their cultural and architectural significance.

#### **undergraduate**, *naxcivan state university*

2016 – 2020

architecture

naxcivan, azerbaijan

As a passionate architect, my portfolio showcases my journey through a Bachelor's degree in architecture, where I honed my skills in design principles, spatial planning, and sustainable approaches. It reflects my creative and innovative mindset in shaping the built environment and my dedication to delivering exceptional architectural solutions.

### Professional Experience

#### **Senior Architect**, *Dave Home Design*

2021 – present

During my tenure, I ensured that all designs were tailored to meet the unique preferences of our clients while adhering to the strict building codes. Additionally, I collaborated with fellow architects to generate fresh ideas and successfully execute new projects. My responsibilities also included drafting home plans, designing exteriors, interiors, and landscapes.

Naxcivan, Azerbaijan

#### **Junior Architect**, *Naxcivan mamar bilir*

2019 – 2021

I have experience working as a meticulous plan drafter and talented exterior designer, where I dedicated myself to honing my design skills and achieving nothing short of perfection. With a keen eye for detail and a passion for creating visually striking exteriors, I consistently delivered exceptional results that surpassed expectations.

Naxcivan, Azerbaijan

### Skills

#### **Autocad**

● ● ● ● ●

My Proficiency in AutoCAD demonstrates skills in drafting, modeling, and designing architectural projects, including floor plans, elevations, and sections.

#### **Revit**

● ● ● ● ●

My Proficiency in Revit exemplifies my capability to effectively create and manage building information models (BIM), streamline project coordination, and generate comprehensive documentation for architectural projects.

#### **Archicad**

● ● ● ● ●

My Proficiency in Archicad demonstrates my adeptness in efficiently modeling and documenting intricate architectural projects, fostering seamless collaboration within teams, and producing precise construction drawings.

#### **3dsmax**

● ● ● ● ●

My Proficiency in 3ds Max demonstrates my expertise in creating stunning visualizations, realistic 3D models, and captivating animations for architectural designs. It showcases my ability to bring architectural concepts to life with exceptional detail and creativity.
